

# MOVABLE DEHUMIDIFIER FRIENDLY

54 DH

## GENTLE REFRESHMENT

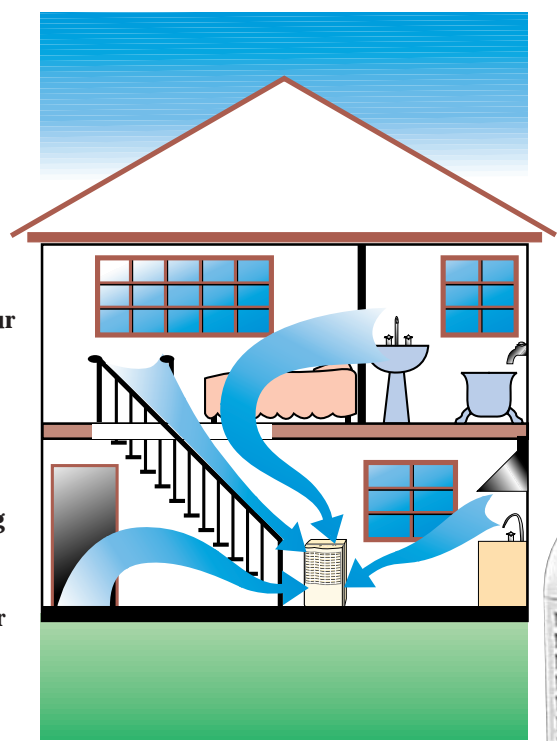

# HUMIDITY CONTROL FOR INCREASED COMFORT

The humidity level of the air is a decisive factor in the quality of your personal comfort.

The Friendly perfectly controls humidity and gently refreshes ambient air.

Small and compact, the Friendly discreetly freshens the surrounding air and increases your comfort.

Available in two sizes, it provides guaranteed comfort in any house or apartment.

# QUIETLY REFRESHING

- High dehumidification capacity: 8-12 litres per day
- Variable humidistat adjustable between 30% and 80% relative humidity
- Maintains an optimum humidity level (between 50 and 60%)
- Works with the ecological refrigerant R-134a
- Lightweight, compact and easily movable (4 rollers)
- Reduced energy consumption

# EFFORTLESS COMFORT

- Automatic condensate recovery
- High-capacity condensate container (4 litres)
- Automatic cut-out and LED alert when the condensate container is full
- Large, easy-to-remove washable air filter
